Meet Format and Team Entry Information

Athletes will be seeded into sections based on times listed in a descending order list. We will not have more than **6 heats in the running events** and will limit based on entries for **field event flights** at the discretion of meet management (**2 or 3 depending on event**). **Multis will be the top 16 entries.** We will publish an Accepted Entries list so teams can plan accordingly.

Entries must be submitted on Athletic.net by Sunday, March 30, 2025 by 11:59pm PST. You may edit and update your entries online any time before the entry deadline. Once entries close there will be no additional entries accepted. All submitted entries to Athletic.net by the March 30th deadline would be considered FINAL.

If you have a specific athlete with accolades such as a **Conference Champion, All American, National Champion, or Olympic Qualifier please add that in the notes** section in their entry in Athletic.net. Any **annunciation spellings of names to assist** as well would be great in the notes too.

The Jim Click Shootout will not adhere to the NCAA requirement for non-speculative marks. Please use your discretion when doing entry performances. The University of Arizona Track & Field Program reserves the right to make additional changes in the seeding process.

Relay Event Entry Procedure

Teams will be allowed to enter more than one relay team per school. Please enter actual relay marks that have been achieved in the **2024/25 season only**. After entering your seed mark for each relay event on-line, you will have spaces to enter up to 8 athlete's names per relay. Please include all four runners (in order, spaces 1-4) and any alternates (up to 4 per event, spaces 5-8) in the 8 spaces provided under each relay. You must enter each member of the relay team and any alternate(s) for the relay so we may assign a bib number for each member. Any relay runners who may compete on a relay team must be entered into the meet and have a bib number to compete.

TRACK & FIELD

Hip Numbers

All sprint or lane races, hip numbers are to be worn on both hips. For all distance races and 4x800m relays, the runners will wear a hip number on both hips plus one on the upper left chest of the athlete. For the 4X100 Meter and 4X400 Meter relay only the last or anchor runner will wear hip numbers.

Check-In Procedure

Running events:

The clerk's tent (final staging) will be located on the Northwest side of the stadium, by the start of the final straight away (See Map).

Athletes may check in up to a half hour prior to their running event. But must report no later than **15 MINUTES prior** to their event to get hip numbers and to be staged. When athletes are escorted out to the start line...**they must be race ready**. No sweats or warm-ups/ **should be in uniform and spikes**. Please keep hipping tent clear of any athletes that are not being staged for a race.

- First Call: 30 minutes before start of event
- Final Call: 20 minutes before start of event
- Report to Clerks Tent: 15 minutes before start of event
- Final Staging & Hipping: 10 minutes before start of event

Field Events:

Field participants must check-in with the head judge of their event **NO LATER THAN 30 MINUTES** prior to the start of their event. If they are not checked-in they will be scratched from the event. Field event competitors in the 2nd flight of a horizontal jump or throwing event must check in before the 1st flight of the event starts, per NCAA rules.

Throws and Horizontal Jumps: If there are multiple flights there will be flight specific warm-ups. There will be 15 min. flight specific warm-up for throws and up to 30 min. flight specific warm-ups for horizontal jumps.

Vertical Jumps: Athletes can be in their event area up to 90 minutes prior to start.

Student-athletes competing in both running events and field events at the same time must check in at the clerk's tent for your running event and then proceed to check-in with the head judge of their field event. They must get their hip number for their race at the final staging tent as they are responsible for reporting to the starting line for their running event, if they are in a field event. We will be making all scratches at the clerk's tent and **scratches will be made if an athlete has not checked in 15 mins prior** to the start of their race. This will be strongly enforced, and heats will be reseeded as needed.

Coaches Boxes

For field events each team will be **issued two coaches box wristbands if they have entries in that event**. DirectAthletics.com Roster Registration Directions

Coaches: Follow these instructions when college entries are on AthleticNET, for a meet you are attending.

NOTE: A previous version of this help doc described how the meet director could download single-meet IDs for all teams without coach involvement. As of December 7, 2023, meet directors/timers can no longer download these IDs on their own. Each meet is now required to use single-meet DirectAthletics ID numbers when reporting results to TFRRS; this involves you submitting a minimum of your full roster on DirectAthletics for each meet.

Please complete these 3 quick steps -- thank you!

Add Meet to Schedule and Submit Rosters

- 1 Login to DirectAthletics and accept the meet invite. If the meet is 'Open' to any team, then search for the meet by date/name and add it to your Schedule.
- 2 For both your Men's and Women's teams, click the "Register" button.
- 3 Select the checkbox next to "Registered?", then scroll down to click "Submit Entries/Finish"

SUBMIT/EDIT ENTRIES

Test Meet

Check off the athletes from your existing roster that are competing in the meet. You can check the top box to select (or un-select) your entire roster. When you have selected all competing athlete, **you MUST click "Submit Entries/Finish" to finalize your roster submission.**

| Athlete | Year | Registered? <input type="checkbox"/> |

| Smith, John | N/A | <input type="checkbox"/> |
| Smith, John | N/A | <input type="checkbox"/> |
| Smith, John | N/A | <input type="checkbox"/> |

IMPORTANT: Always submit your entire roster, with the above step on DirectAthletics. This does not indicate that you will be registering all athletes to compete in events at the meet. It merely provides meet management with single-meet IDs for each athlete on your roster, in case they get registered.
